

## **Mahatma Gandhi Shati Smarak Mahavidyalaya,**

**Garua Maksoodpur, Ghazipur**

### **Workshop on NEP**

An informative session to enable the teachers to get oriented with the New Education Policy – NEP 2020 workshop was organized at Mahatma Gandhi Shati Smarak Mahavidyalaya Garua Maksudpur, Ghazipur on Thursday May 10, 2022. The main objective of this workshop was to apprise the faculty members about the National Education Policy System. The resource person was our school Principal Dr. Sushil Tiwari who familiarised the teachers with the skills needed to understand changes in the curriculum, shifts in the pedagogical skills and its implementation for the holistic development of its stakeholders and students.

Our dignified spokesperson highlighted that the NEP-2020 has pioneered the integration of experiential learning, competency-based education, art and sport-integrated education which existed in our Indian culture since the days of Gurukul. Furthermore, she also discussed the role of pedagogy in producing different learning outcomes and how multiple ways with multiple modes strengthen the understanding of the concept. Finally, she elucidated that, to maintain national competitiveness, educators and learners must know how to navigate in the era of emerging technologies. Altogether, it was an illuminating session that focussed on creating a generation of ‘future-ready’ pupils.

The second speaker was Mr. Santan who highlighted how NEP is going to ensure holistic development of the students.

Finally, Mr. Nitesh Pandey concluded the session by passing a vote of thanks to the speaker.
